

Glen Eden Village Strategic Plan 2021 - 2026

Our dream: Glen Eden Village in the future – One of Auckland's true lifestyle villages.

Glen Eden is an exciting suburban town with a big community heart and is shaping up to be one of Auckland's new growth success stories. This unique character, location and accessibility of this thriving community is catching the eye of forward thinking investors, young professionals and families looking for a high-quality suburban lifestyle.

The Glen Eden town centre has been developed over recent years to include a vibrant new town square which is a stylish and flexible community space in the heart of Glen Eden which provides the ideal venue for local events and regular street markets as well as opportunities for pop-up art galleries and exhibitions and an improved retail and hospitality offering.

The local shops continue to define Glen Eden's character. The variety of specialist, owner operated retailers underpins its unique village atmosphere. Everything is located within easy reach of the village centre, in a pedestrian friendly setting with a range of stores and services that meet more than just the everyday needs of both residents and businesses.

Commercial investment is booming in Glen Eden, with a range of recent rejuvenation and face lift projects completed. The town centre continues to have a generous retail footprint and recent mixed use developments have resulted in a modern combination of retail, hospitality and apartment living within the village centre.
